**RE: REPAPLAST**

Dear Mel

Just a note to say how amazed and pleased we are with your Repaplast glue product. The claim that it will stick anything at first felt like a claim, though now having used this product we know its more than a claim, it's a fact!!!

We had a problem in a refrigeration unit were we had to carry out some repairs and we were at a loss as how to over come this. Once again Innotec had a product to help us and we remain grateful to you.

We would always strongly recommend you as a most helpful organisation that is a real asset.

Yours Sincerely

**Cephas Beer**
